The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

Predictions On The Basis of Planet Positions

Ascendent Result

Your Ascendant is Aquarius. Your Ascendant-lord is Saturn, which is the super-benefic planet in your chart. For being the lord of an angle and a trine both, Venus happens to be the 'yoga-karaka' planet in your chart and is a benefit-giving planet for you.

By virtue of being born in Aquarius Ascendant, you will have a steady mind and will have firm beliefs. You will be endowed with high ideals and will have a spirit of co-operation. Although you may be somewhat lacking in self-confidence, on intellectual plane you will be extremely logical, foresighted and possess an explorer's point of view. You will become renowned for your intellectual power, practical planning ability and industriousness. You are very much likely to come up with newer findings and your special contributions to your own field of interest might take you far ahead by surpassing many of your contemporaries. Your social circle will be vast and you will be famous as benefactors of those who ever come into your contact. You will become renowned for your humanitarian nature and generous instincts. However, if your Ascendant-lord Saturn is weak or afflicted and your 'yoga-karaka' planet Venus is in debility, then you may not be trustworthy as you would resort to falsehood, trickery, hypocrisy and deceit; you might be engrossed in doing blameworthy and vicious deeds.

Result for Planets in Signs

Sun

In your chart, the Sun is placed in sign Aquarius. Unless the sign-lord Saturn is strong and well-placed in your chart, you are likely to suffer from cardiac disorders during sometime of your life, in which respect you should adopt preventive and precautionary measures. You will have a tolerably good disposition, free from malice or deceit; still you may be somewhat proud and vain, desirous of bearing rule and ostentations. You should try to curb your undesirable tendencies, otherwise you may end up having endless quarrels with your very own people including your spouse, progeny and kinsfolk.

Mercury

In your chart, Mercury is placed in sign Aquarius. Unless the sign-lord Saturn is well disposed, you may be addicted to vices, acquire debts and your kinsfolk may be subjected to troubles. You may become very indigent, feel dejected and may opt for migrating to a distant inland place. However, if Jupiter is in conjunction with Mercury or aspects it, then the situation will considerably improve for the better. It will make you ingenious and inventive, a talented person inclined to serious studies; with your humane disposition and obliging nature, you will be remarkable in many ways and will be duly respected.

Venus

In your chart, Venus is placed in sign Aries. Unless the Moon is in sextile or Jupiter is in sextile or trine aspect, the position is not favourable. It may make your mind unstable and you may feel agitated; you may wander fruitlessly and might be given to vices. Your home-life may not be peaceful at all and your happiness might be on the wane. However, if either the Moon or Jupiter aspects Venus, then the situation will be considerably improved; you will acquire wealth through trade and lead a comfortable life.

Mars

In your chart, Mars is placed in sign Leo. It is really a favourable position and you will become fortunate. It will give you a sanguine complexion, stout limbs, a cheerful disposition and optimistic outlook. You will always remain engaged in brisk activities and will remain ever ready for any challenging situation. You will take part in robust sports and frequently enjoy excursions; you will be able to attract the attention of the members of the opposite sex. You will, however, run the risk of

receiving physical hurts. If your Ascendant is Capricorn or Aquarius, then the health of your spouse might cause you some concern.

Jupiter

In your chart, Jupiter is placed in sign Leo. This is a very fortunate position and it will make you magnanimous and noble, having lofty ambitions. You will be proud, daring and enterprising; you will also possess the gift of eloquence. You will be desirous to contend for honours and will always be in a position to make your own headway in a very ingenious manner. You will acquire wealth and receive honours for your meritorious deeds. You will enjoy happiness from your co-borns, spouse and children.

Saturn

In your chart, Saturn is placed in sign Virgo. You are likely to have good gains from land development and agriculture. If Mercury is also well-placed or if aspected by Venus, you are likely to be an well-educated and highly respectable person, occupying a position of responsibility and trust. You will be religiously inclined and will treat pious people with great respect and honour. You may have more female children, who will be a source of pride and joy for their accomplishments and decent behaviour.

Moon

The Moon is situated in sign Sagittarius in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Dhanu. Your mental qualities and certain other characteristics will be governed by this masculine, fiery, fruitful, bicorporeal and common sign and, to some extent, by it's sign-lord Jupiter.

Moon in sign Sagittarius gives many changes in a person's life, mostly for the better. Although it causes some loss of ancestral wealth, you will have your own earnings in plenty and abundance, and that too within an unusually short span of time. You will be hasty and passionate, yet very generous and forgiving. You will travel to distant places and even foreign countries, and will win many friends. You will have high aims, will remain an ever-optimistic and will be respected by your associates. You will enjoy leading an active life without any regret, will have precious possessions and many costly acquisitions.

Rahu

In your chart, Rahu is placed in sign Leo. If the Sun is well-placed, it will give you an impressive appearance and will bring in many benefits from the authorities or govt. sources. If Mercury or Venus or Mars is in own-house, it will make you fortunate and happy. However, if your Ascendant is Aquarius, the health of your spouse might cause you some concern. If Rahu is situated in Magha star (while Ketu is situated in Shatabhisha star), you might remain prone to suffer resulting from accidental mishaps.

Ketu

In your chart, Ketu is placed in sign Aquarius. If Saturn is well-placed, it will give you an impressive appearance and will bring in many benefits from the authorities. If Mercury or Venus or Mars is in own-house, it will make you fortunate and happy. However, if your Ascendant is Aquarius, and the Sun is not associated with or aspected by any benefic planet, then the health of your spouse might cause you some concern; besides, you may have some distinct differences with your spouse. If Ketu is situated in Shatabhisha star (while Rahu is situated in Magha star), you might remain prone to face accidental mishaps.

Uranus

In your chart, Uranus is placed in sign Scorpio. You may become a kind of rebel in your own way and may have no sense or appreciation of the orthodox in life; you may have strange experiences in your love-life and your outlook might be radically changed during sometime of your life. If Mars is well-placed, then you may tend to be fastidious and try to retain your figure neat and shapely; but if Venus is afflicted, then you might be very slovenly in dress and remain careless in respect of cleanliness.

Neptune

In your chart, Neptune is placed in sign Scorpio. If Neptune is associated with or aspected by Jupiter or Venus, then your psychic capacity might be more accentuated and you may possess the ability of divination and foretelling. If Neptune is afflicted by malefic planet(s), then you may have coarse features with your sensuous side intensified. You may become jealous and may have a nasty temper.

Pluto

In your chart, Pluto is placed in sign Virgo. It tends to make the body slim, but keeps it fit and fine. If Mercury is well-placed or if Jupiter or Venus is associated with or aspects Pluto, then it will give you an exalted view of self-importance. But if Mars or Saturn is in square or conjunction with Pluto, then it will give you a bullying tendency of hurting them who disagrees with your views or attitude.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the eighth house, which is called the house of longevity (Ayus). Besides, it governs over inheritance and, in case of female natives, it rules over 'mangalya' or well-being in marriage. If this house bears any affliction, then the results obtained from this house are : darkness, dirt, impurity, obstacles, scandal, insult, defeat, etc. If modifying influences are not present in your chart, then you may have to face some problems from one or more such sources. If your Ascendant is Aries, Libra or Sagittarius, then you will be fortunate in respect of the 8th house affairs as your Ascendant-lord will be in own house or exalted, will give rise to auspicious yoga and will make you fortunate in respect of inheritance and also for receiving big sums as loans from financial institutions. Otherwise, this is not a very beneficial position; if Mars or Ketu is also situated in the 8th with the Ascendant-lord, then possibility of facing accidental mishaps, undergoing surgical treatment or facing problems owing to the actions of ruffian people are feared. You should try to avoid law-suits at all costs. If a natural benefic planet is situated in or is aspecting this house, then the position becomes much improved.

Lord of 2nd House

In your chart, the second-lord is situated in the seventh house, which is called the house of spouse (Kalatra). Although the 2nd-lord aspecting your Ascendant will make you fortunate in respect of financial matters, it is not at all favourable in respect of your health as a 'maraka'-lord is placed in the other 'maraka'-house; besides, the health and well-being of your spouse might cause you some concern. There could be some dissidence among your family-members and some of them may oppose you. You might be proficient in public dealings and may shine as a capable negotiator. You may have good earnings through foreign trade which however may not last long. You must be very careful in choosing your partners and/ or associates as some of them may suddenly disappear -- leaving no news about their whereabouts. If the Ascendant-lord or a natural benefic planet is situated in the Ascendant or aspects it, then the position will be improved for the better; a natural malefic planet situated there instead may affect your health badly.

Lord of 3rd House

In your chart, the third-lord is situated in the seventh house, which is called the house of spouse (Kalatra). You are likely to have a highly passionate nature and may have a deep-seated desire for the company of the members of the opposite sex. Your spouse may hail from the house of a relative of your relative or from your acquaintances residing in your neighbourhood. If a natural benefic planet is situated in the 7th house or aspects it, then your younger co-borns will be very helpful to you; if in addition, the 7th-lord is also well-placed, then you may run a partnership business with your younger co-born(s) or with an acquaintance residing in your neighbourhood. If a natural benefic planet is situated in the 3rd house or aspects it, then you may be in printing business and may own a Press. But if natural malefic planet is situated in the 7th house or aspects it, then your younger co-borns may not be helpful to you; if in addition, the 7th-lord is also ill-placed, then you may have quarrels with your partner(s) and face much of opposition from your cousins or neighbours. If your Ascendant is Capricorn, then the 3rd-lord Jupiter exalted in the 7th and aspecting the Ascendant, the 3rd house and the 11th house will make you very rich.

Lord of 4th House

In your chart, the fourth-lord is situated in the third house, which is called the house of courage (Vikrama). This is not a very favourable position and it offers mixed influences. If the Moon is ill-placed, your mother may not be in good health; if Mars is ill-placed, you may lose part of your property. However, if a natural benefic planet is either situated in the 4th house or aspects it, then the things will be considerably improved. If the 4th-lord is a natural benefic planet, then it will make you fortunate in respect of your younger co-borns but if it is a natural malefic planet, then the results will be just the opposite -- although it will make you bold and active. If a natural benefic planet is situated in the 3rd house or aspects it, you will have peace and satisfaction; you will also receive

assistance and support from your cousins, kindred and neighbours but if it is influenced by a natural malefic planet, then you may have no peace and satisfaction. The 4th-lord situated in the 3rd gives many and frequent short-distance to-and-fro journeys. So, your profession may have something to do with travelling and you may do well in sales/ marketing, transport, tourism, etc. As the 4th signifies books while the 3rd indicates printing, you may own a Press.

Lord of 5th House

In your chart, the fifth-lord is situated in the Ascendant, which is called the house of body (Tanu). The 5th indicates purva-punya, grand-father, merit, intelligence, rank, own children, etc.; you will be fortunate in many such respects. You will be intelligent and meritorious, acquire good education and occupy a position of rank; you are likely to be in service -- more so if the Sun is well-placed. If Mercury is well-placed, then you will have much of interest in speculative investments and if Venus is well-placed, the entertainment fields might attract you. In your childhood you will be very dear to your grand-father and when grown up, you will have dutiful children -- more so if Jupiter is also well-placed. If your Ascendant is Aries or Libra, then the 5th-lord will be exalted in the Ascendant and you will be highly fortunate; if Mercury is also well-placed, you will have excellent education -- which is likely to be 'application-oriented'. But if your Ascendant is Cancer, then the 5th-lord will become debilitated in the Ascendant; although this position favours material prosperity, you may have some health-problems and may become unhappy on account of your children. You may have to leave your home and go to a distant place for earning your livelihood; you may have job-changes a few times which may occur very suddenly.

Lord of 6th House

In your chart, the sixth-lord is situated in the eleventh house, which is called the house of gains (Labha). This makes your horoscope a singularly unique one; although some of your enemies may remain in your circle in disguise as friends, you will have gains from your enemies and also from your relatives. You may win in competitions and may even win in contests or elections -- more so if the 11th-lord is in the 6th, in which case you would become simply invincible. If Jupiter or Venus is well-placed or if they are involved in exchange of signs or stars, you may be tempted to amass wealth through questionable means; you may have to face law-suits yet you won't have to suffer disgrace of any sort as you will be able to come out in flying colours owing to lack of evidence against you. Besides, you will have good gains from your spouse and business-partner -- if any. As the 6th house indicates labour, you may have gains from production activities if Saturn is well-placed and from construction activities if Mars is well-placed. As the 6th rules over disease while 11th rules over cure, you may have gains by serving the pharmaceutical organisations or manufacturers of chemicals; if your Ascendant is Aries or Libra, then the 6th-lord will be the 3rd-lord too and you may become a sales/ medical representative. In addition, if Rahu is also situated in the 11th and/ or if the Sun is placed in the 6th, you will gain victory over your enemies.

Lord of 7th House

In your chart, the seventh-lord is situated in the Ascendant, which is called the house of body (Tanu). As the 7th-lord aspects the 7th, you will be fortunate in respect of most of the 7th house affairs like marriage, own business, business-partners -- if any, public dealings, contracts, foreign affairs or journeys (if applicable), etc. If the Ascendant-lord is also situated in the 7th, then you would be an expert administrator and will become renowned for your far-sightedness and framed policies. If your Ascendant is Cancer, then the 7th-lord will become the 8th-lord too, aspecting the 7th; then the health and well-being of your spouse may cause you some concern. Besides, if Mars is either situated in the 8th or aspects the 8th, then you may have a war-like disposition and might be associated with such activities in life; it may also make you susceptible to receive injuries from weapons or from accidental causes. If the Ascendant-lord or a natural benefic planet is situated in the Ascendant or aspects it, then you will be long-lived. If your Ascendant is Taurus or Scorpio, then your health might be affected, you may go to a distant or foreign place and stay for long durations but you may incur some losses there; but as the 7th-lord will be aspecting the 7th, you will be very fortunate in respect of having a caring and loving spouse who will be long-lived. If your Ascendant is Leo, then the 7th-lord will be the 6th-lord also; your health may become delicate in early years; although you may be in service in the beginning, later you may have a brisk-running business.

Lord of 8th House

In your chart, the eighth-lord is situated in the Ascendant, which is called the house of body (Tanu). If your Ascendant is either Aries or Libra, then your 8th-lord in such a position will act more as Ascendant-lord situated in own house in Ascendant. In such case, you will be fortunate in all your affairs in general and your longevity will be high. But, in all other cases, this situation is not good; if the 8th house is associated with or aspected by a natural malefic planet or if the 3rd-lord is stronger than the 8th-lord and Saturn is also not well-placed, then even longevity (in case of male) or marital well-being (in case of female) will demand careful consideration. Nevertheless, this position is almost a sure indicator of the possibility of becoming a victim of serious accidental mishap or some other untoward happening of serious sort. The position will be improved if a natural benefic planet is situated in or is aspecting your Ascendant or in case if your Ascendant is Cancer since the 8th-lord will be the 7th-lord as well. But in addition if the Ascendant-lord is also in the 8th house, then a grave sort of tragic misfortune is feared.

Lord of 9th House

In your chart, the ninth-lord is situated in the third house, which is called the house of courage (Vikrama). The 9th house signifies father, fortune, foreign countries, etc. Since from the 3rd house, the 9th-lord will aspect its own house the 9th, you will be fortunate in many such respects. Your father will be well-placed and he might be running his own business-house successfully. Since the 3rd house rules over printing while the 9th house rules over publications, he might own a newspaper or printing Press or may be in the publication business; alternately, you may have connection with these sources. As the 3rd house indicates road/ journeys, messages, etc while the 9th house indicates distant places, you may have some connection with long-distance road-transport or courier services. As the 3rd house indicates the lower mind while the 9th house indicates ideals, if your Ascendant is Aries or Cancer, the 9th-lord Jupiter situated in the 3rd will make you religious-minded and you will have lofty ideals. If your Ascendant is Leo, then your 9th-lord Mars in 3rd house may harm your younger co-borns unless the 3rd-lord Venus is well-placed. If your Ascendant is Taurus or Gemini, the 9th-lord Saturn in the 3rd may affect the health and well-being of your mother -- more so if the Moon is also in the 3rd and the 4th-lord is not well-placed.

Lord of 10th House

In your chart, the tenth-lord is situated in the seventh house, which is called the house of spouse (Kalatra). It indicates that you will be an active person and you will be fortunate in respect of your profession; you may run your own business or may be well-placed in a big and reputed organization. If Jupiter and Venus are well-placed in your chart, then you may become a lawyer. If your Ascendant is Aries, then the 10th-lord will become exalted in the 7th; then you will become a reputed professional or a big business-man; similar will be the results if your Ascendant is Gemini or Sagittarius where the 10th-lord will be the 7th-lord too -- for being situated in own-house, it will give the beneficial results of 'Pancha Maha-purusha Yoga' and you will become well-settled in life. Your life-partner might hail from your sphere of profession and/ or she/ he would work in double harness and will actively assist you for fulfilling your aspirations. If Mars or the Sun is also in the 10th, or if Saturn or Rahu is in the 7th, then you will secure a powerful position as the planet will gain directional strength. If a natural benefic is in the 10th or the 7th or aspects either of these two houses, you will be a purposeful and praiseworthy person. You will understand human nature very well, may do well in marketing and shine forth as an efficient negotiator.

Lord of 11th House

In your chart, the eleventh-lord is situated in the seventh house, which is called the house of spouse (Kalatra). This is a highly favourable position as the 11th-lord aspecting the Ascendant will make you fortunate in respect of having earnings from various sources. If a natural benefic planet is situated in or aspecting the 11th, then your spouse will consider you to be dearer than her/ his life, will always give you good advice and will actively assist you in all your works. She/ He is likely to hail from a wealthier family and may have a steady source of earnings from which she/ he will contribute for uplifting the family's standard of living. But if a natural malefic planet is situated in or aspecting the 11th, then the condition might be reversed; your spouse might oppose you and so might do some of

your friends. If in addition the 7th house is also not well-disposed, then you may even think of having a second marriage or continue to have illicit relationship(s) -- more so if the 4th house is not well-disposed. If a natural malefic planet is situated in each of the three houses -- the 6th, the 7th and the 8th -- then married life might be very short-lived. However, the situation will be much improved for the better if Jupiter is in the 7th or aspects it.

Lord of 12th House

In your chart, the twelfth-lord is situated in the eighth house, which is called the house of longevity (Ayus). This is a favourable combination in respect of having material gains as a trika-lord situated in another trika house gives rise to beneficial 'Veepareeta Raja Yoga'. This yoga favours having sudden gains from unexpected sources but this happens in a place quite far away from the birth or native place. But for its peculiar attribute, you may tend to live dangerously and you may have some secret enemies in your circle who might seek to cause you harm. You will possess a special ability to effectively utilise any available opportunity; but you may have to use dubious methods for fulfilling your purpose, which may later create problems for you. You may tend to take big risks and consequently may remain in perpetual tension. Although normally you will remain in good health and high spirits, accidental mishaps might occasionally lead you to bed-ridden condition and you may need hospitalization for short-durations.

If a natural benefic planet is situated in the 12th house or aspects it, you may become very extravagant; but

if a natural malefic planet is placed in the 12th house or aspects it, you may run the risk of incurring losses.

Results for Planets in Houses

Sun

Since the Sun is situated in your Ascendant, it will give you a proud disposition and a very frank, outspoken nature with generous instincts. You will be firm and independent, will be fond of publicity and display and will despise cliques and coteries. You will be accompanied by high motives and will receive acclaim. You will be successful in your endeavours and people will treat you with due honour. You will be religiously inclined and will be fond of little children. You will be closely drawn to your father, will receive favours from your superiors/ authorities and gain benefits from government or political sources. If your Ascendant is Aries or Leo, then the Sun will be exalted or in own house and you will be very fortunate in respect of having worthy children; your first child would be a son who will be a source of pride to your family. If your Ascendant is Libra, then the Sun will be debilitated; you may suffer from some hereditary diseases, may get into difficulties with your superiors or government authorities and even face law-suits. If the Sun is with Rahu or Saturn or aspected by Saturn, you may even have the risk of losing your credibility.

Mercury

Since Mercury is situated in your Ascendant, it will give you a restless spirit and a ceaseless inquisitive mind. You will always remain on the alert for information in respect of new developments. You will have the gift of eloquence and possess a sense of humour and wit. You may have many journeys and might be engaged in some work which involves much writing; you may have a taste for literature of some sort. If Mercury is exalted or in own house, then you may become distinguished by the use of your pen; as your Ascendant will then be Gemini or Virgo, you will be more fortunate as for being in own house or exalted, it will give the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Pisces, then debilitated Mercury might create health-problems or nervous disorders and you may have to struggle a lot as your business may become slack or you may have to pick up odd jobs in small private organisations. If Jupiter is with it or aspects it, you will be intelligent, educated and learned. If Venus is with it, you will have artistic inclinations or acquire some special skills. If Rahu is with it, your thinking might be confused; but if Ketu is with it, you may have computer education or may have gains by dealing in small components.

Venus

Since Venus is situated in your 3rd house, you will have a joyous spirit and a very much 'loving and giving' nature. You will be exceedingly fortunate in matters of love and affection, the relationship among family members will ever remain very peaceful and your spouse will be dearer than your life. You will have a amiable disposition, bright and fruitful intellect and a strong inclination for fine arts. You may have some success in your pursuit of poetry, music, singing or painting. You will enjoy pleasant travellings. If the Moon is in the Ascendant or in the 5th, you may have one or more costly and prestigious vehicles. If your Ascendant is Leo or Capricorn or Pisces, as Venus will be exalted or in own house, you will become very happy in respect of your younger co-borns and you may have good progress in artistic pursuits -- more so if a natural benefic planet is with it or aspects it. But if your Ascendant happens to be Cancer, as it will be debilitated, you may experience just the opposite results -- unless Mercury or the Moon is fairly well-placed. If your Ascendant is Capricorn while your Moon-sign is Taurus, or if your Ascendant is Pisces while the Moon-sign is Cancer, then you will be rolling in wealth and will have many prestigious vehicles.

Mars

Since Mars is situated in your 7th house, you may be of athletic build in your early years and later may become stocky; your spouse may also have similar looks. If your Ascendant is Cancer as Mars will be exalted and also if your Ascendant is Taurus or Libra as Mars will be in own house; in all these cases, you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga' and will be fortunate in respect of your material possessions. If your Ascendant is Capricorn, then debilitated Mars may give you some acute problems in married life or in business -- from partners. However, if the Moon is well-disposed or if Jupiter is also in the 7th or aspects it, then the problems will be sorted out but if a natural malefic planet is situated in the 8th, then you may have law-suits or may receive injury due to accidental mishap or physical combat.

Mars in the 7th favours dealing in electrical goods, motors, metallurgical components, chemicals, acids, fuels, ovens, kitchen wares, etc; it also gives good gains from real estate, property rentals, hotels, etc. But it is not good for well-being in married life if Saturn and Rahu are also placed in the 6th or the 7th or the 8th.

Jupiter

Since Jupiter is situated in your 7th house, you will be highly fortunate as the best of the natural benefic planet will be aspecting the Ascendant, the 11th house and the 3rd house. You will be fortunate in respect of your younger co-borns and will have a devoted spouse who will be religious-minded. You will also be religious-minded and honest. Unless there are some afflictions in your chart, you will be long-lived and your married-life will be stable and happy. As Jupiter is the natural significator for children, you will have dutiful and worthy children. As it is the significator for wealth too, it's aspect on the 11th indicates steady and uninterrupted growth of earnings from your profession which might be business. If your Ascendant is Gemini or Virgo, then you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; but if your Ascendant is Cancer, as Jupiter will be debilitated in the 7th, then you may incur losses in business, work in private organisations, have unhappiness in marriage and might even face legal problems. If your Ascendant is Leo, you may have high B.P. If Jupiter is with Mercury or aspects it, you will have interest in studying literature; if it is situated in the star of Rahu, then it will give unconventional outlook.

Saturn

Since Saturn is situated in your 8th house, you may not be in good health and your married-life may not be very peaceful or happy unless Saturn is exalted or situated in his own house. If your Ascendant is Gemini or Cancer or Pisces, then you will be well-placed in life as you will enjoy the beneficial results of 'Veepareeta Raja Yoga'. Normally, this position gives good longevity unless another natural malefic planet is situated with it or aspects it. If the Sun is situated with it, then the physical or mental health and well-being of your father might cause you some concern. If the Sun is situated close to it, then you may suffer from diseases affecting your eyes and also due to obstruction of body's waste elimination system; there are also chances of having bone-breakage during sometime in your life. If Mars or Rahu is with it or is placed in either the 6th house or the 7th

house, then your married-life may not be happy or your spouse may not be long-lived; alternately, she/ he might opt for leaving you for ever and you may have to face a law-suit with her/ him. The position will however be improved if Venus or Mercury is situated with it or if Jupiter aspects it. If your Ascendant is Virgo, then you may receive injuries resulting from accidental fall and if Mercury is also not well-placed, then the part of body prone to sustain injuries might be your head or face.

Moon

Since the Moon is situated in your 11th house, you will become very popular and will have good earnings through public dealings -- although with a cyclic kind of fluctuations. Your earnings will be more if the Moon is 'waxing', if the 11th-lord is well-placed and/ or if a natural benefic planet is with it or aspects it. If the Moon is 'waning', if the 11th-lord is not well-placed or if Ketu is situated with it, then your earnings can only be modest. If Saturn is with it or aspects it, then also the results will be similar -- unless Saturn is exalted or situated in own house in which case it would give good earnings from industries, mines or through agriculture. If Mars is situated with it, it would give rise to 'Chandra-Mangala Yoga' and will give influx of wealth through real estate, property-rentals, etc. If Rahu is with it, it will give good earnings -- although through convenient- and at times unscrupulous-means. If your Ascendant is Cancer, then you will have boosted earnings as the Moon will be exalted and if your Ascendant is Virgo, then also you will get similar results as the Moon will be in own house. But if your Ascendant is Capricorn, then debilitated Moon in the 11th will give unreliable friends and if modifying influences are not present in the chart, then you may not have good earnings through respectable means. This position gives many friends but a few lasting attachments; assures gains from and patronage of ladies and may give a number of female children.

Rahu

Since Rahu is situated in your 7th house, you will enjoy 'mixed' results of good and bad. As Rahu obtains directional strength (Dik Bala), you will be fortunate in respect of public dealings and may have good gains from foreign trade; for forming collaborations with the foreigners and securing large gains from them, this position is highly favourable -- more so if Rahu is in sign Taurus or Aquarius or Virgo. But this position is not favourable for the health and well-being of your spouse -- more so if Saturn and/ or Mars is placed in the 7th or the 8th or the 6th house. However, if the 7th-lord is well-placed or if a natural benefic planet is situated in the 7th or the 8th or aspect these, then the results will be considerably improved. But if your Ascendant is Taurus, then you may be troubled by opponents and face many problems -- unless Mars is well-placed; if a natural benefic planet is with Rahu or aspects it, then also the situation will be improved.

Ketu

Since Ketu is situated in your Ascendant, you might had been born in fortunate circumstances. You may possess the gift of intuition and/ or will be a very clever person having far-sightedness in an unusual degree. You may have genuine sympathy for lower class people and they would treat you with due respect. You will be much attracted to philosophy and religion. Unless Ketu is in own star or is involved in star-exchange with a natural benefic planet, it may bring in some unusual problems in married life where the source of problem will be difficult to eliminate. If in addition Mars is situated in the 6th or the 7th or the 8th and Saturn is also similarly placed, then the health and well-being of your spouse is likely to cause you much of concern. If Ketu is situated in Rahu's star, then you might be prone to face accidental mishap. If your Ascendant is Scorpio and Mars is with it or the Moon aspects it, or if your Ascendant is Pisces and Jupiter or Venus is with it, or if Jupiter or Mercury aspects it, then you would become very religious, enjoy the company of pious people and listen to religious discourses. You will not only become enlightened but will also be able to show light to others. If Mars or Saturn is close to Ketu, then you might acquire vices.

Uranus

Since Uranus is situated in your 10th house, originality will be your marked feature and you may favour eccentric pursuits. You may have estrangement from your parents and kindred and might be in the habit of getting into difficulties with your superiors or employers for which you may have a checkered career. If you are in government service or in business, you may face opposition from public functionaries or government bodies and might be forced to have a change in occupation. Lure

of speculative investment might also lead you astray or you may completely unnecessarily leave a stable job by being thoroughly occupied by the fanciful prospect of getting rich double-quick through business in spite of the fact that you may not have adequate competence or you may lack sufficient resources. However, if the 10th-lord is well-placed or if Jupiter or Venus is in the 10th or aspects it, the results will be considerably modified for the better. If your Ascendant is Virgo or Pisces, you may have two occupations simultaneously; while you might be in service somewhere, you may pursue an independent business as an agent, consultant or advisor.

Neptune

Since Neptune is situated in your 10th house, you are likely to have a strange and eventful career. If the Sun or the Moon is not well-placed in your chart, then you might be separated from one of your parents in your early childhood which might leave a void in your mind. If Mercury or Venus is well-disposed, then you would do well in artistic pursuits and by dint of your inspirational nature, you may attain honours in a relatively late age under curious circumstances or through some unique achievement. You might receive full co-operation and active assistance from a foreigner or a person residing in a foreign country quite unexpectedly and by using an assumed name or through some other covert means you may suddenly find the gate-way to the hall of fame suddenly opens up for you. If Jupiter is situated with it or aspects it, then you will be very fortunate as your acquired fame and raised status will be lasting and stable; but if a retrograde malefic planet is with it or aspects it, then these might be like a rosy dream fading away. If Neptune is retrograde, then you may have a serious setback in profession and may have to leave the field.

Pluto

Since Pluto is situated in your 8th house, you are more apt to live dangerously -- in quite a literal sense of the term -- and during your active life you may find special pleasure by playing with fire. It will be more so if you are a male person; you may actively take part in adventurous explorations and/ or may become adept in martial arts. If a natural malefic planet is with it or aspect it, then you may take part in physical combat and might even be tempted to take the law into your own hands. If the 8th-lord is well-placed and the Ascendant-lord is also similarly disposed, you won't have the risk of facing a premature exit to the other world. If the 8th-lord is not well-placed, then you may face a serious accidental mishap in a far-away place or face a calamitous disaster; but if a natural benefic planet is with Pluto or aspects it, you will pull through. If another malefic planet or the Moon is close to Pluto, you may have the risk of facing a violent end or you may suddenly disappear either by personal choice or owing to actions of your enemies. If your 10th-lord is well-placed and Mars is also strong, then you may do well in active services like fire-fighting, explosives detection squad, disaster management, etc for which you may receive special honour.
